44 after the first paragraph	The Pallavas	The Pallava copper plate grant of Shivas-kandavarma discovered at Hirehadagalli in Bellary district indicates the sway of the Pallavas over the area at that time. Further, the inscription of Shantivarma Kadamba found at Talagunda (Shimoga district) states that Mayurasharma founded the Kadamba kingdom by vanquishing the Pallavas. Thus, the Pallavas seem to have ruled the region for some time before the advent of the Kadambas. But particulars pertaining to their rule in the area are not known.
57 after the second paragraph	Vidyaranya	According to tradition and some records, the sage Vidyaranya actively helped Harihara and his brothers in founding the Vijayanagara Kingdom. His identity, however, has not been quite clear. Shri T. N. Mallappa, who recently made a detailed investigation into this question, is of the view that Kriyashakti Pandita, who was Rajaguru (royal preceptor) of the early Vijayanagara rulers, is identical with Vidyaranya and that Vidyaranya was the title of Kriyashakti himself. (<i>Vide his article in the Quarterly Journal of the Mythic Society, (Bangalore), April—December 1969, pp. 111-142, and April—December 1969, pp. 57-87</i>)

Office of Mines
Safety | For looking after the safety, welfare and health of the workers employed in the mines in the Bellary region, a Sub-Regional Office of the Directorate-General of Mines Safety of the Union Ministry of Labour, Employment and Rehabilitation, has been established at Bellary under its Regional Office at Oorgaum in K.G.F. This office, which was set up in 1968, covers all the mines situated in the districts of Bellary, Raichur, Gulbarga and Bidar. Of the 165 working mines in this sub-region, Bellary district alone has about 85 mines employing about 11,000 workers. This Sub-Regional Office is under the charge of a Deputy Director of Mines Safety, who is responsible for the enforcement of the provisions of the Mines Act, 1952, and other relevant Acts and rules and regulations issued thereunder, within his jurisdiction. |

The Mines Act applies to mines of all types ranging from small quarries producing road metal to largest mechanised mines. The Directorate investigates into mine accidents, cases of explosion, inundation, fire, etc., in mines and takes suitable remedial measures to prevent recurrence of similar happenings. It enforces the Maternity Benefit Act and the rules framed thereunder. Inspections of mines are done with a view to ensuring safety of workers and preventing dangerous occurrences in mines. The Directorate has been given certain other responsibilities also under the Land Acquisition (Mines) Act in regard to imposition of restrictions in mining operations beneath railways, roads, etc. It advises also mine managements, workers' organisations, local bodies, etc., on mining matters when requested to do so.

Bheemakka

It appears that the reputed folk-poetess Bheemakka (she was known as Bokkasada Bheemakka or Harapanahalli Bheemakka and not as Bellary Bheemakka) or Bheemavva (*alias* Krishnabai) was born at Narayanadevarakere village (now submerged in the reservoir) in 1822 A.D. and was married to Bokkasada Muniyappa of Harapanahalli. It is stated that she was illiterate, but was adept at composing songs and dictated her compositions, the prominent among which are "Subhadra Kalyana", "Muyyada Haadu", "Jalakreede", "Pati Daana Kottaddu", "Stutimani Malike", "Sudhama Charitre", etc. She died in 1903.
