Famine and Plague.—In 1899-1900 the rainfall was deficient and the outturn of all crops very poor. The ryots of the State however benefited by being able to sell their old stocks of grain at high prices to meet the demand for export to the famine-stricken parts of the Presidency. In the subsequent two years the two villages Kalival and Shiddapur suffered from insufficient rain. In November 1898 plague first appeared, in the village of Jekinkatti. Since then the mortality from plague in the State has been:—

	Attacks.	Deaths.
1898-99	... 31	17
1899-00	... 496	395

1902-03	... 1,475	1,222
1903-04	... 964	784

Thus during five years it has carried off over 3,000 persons or 14 per cent. of the population. Almost all villages were infected. The villages which suffered severely were Savanür 1,674, Kabnur 192 and Madapur 116. Besides these, there were 24 imported cases, of which 20 proved fatal, during the years 1898—1904.

There is a jail at Savanür with a daily average of 0—2 prisoners maintained at an annual cost of Rs. 280 in 1902-03. There is one municipal town, Savanür, with an annual income of Rs. 4,263, chiefly derived from a house-tax. The State has only one dispensary, at Savanür town, with a daily-average attendance of 83 patients. The number of patients treated during the last ten years was as follows:—
