North - East Karnataka Road Transport Corporation

Prior to independence, Gulbarga area was under the Nizams of Hyderabad and Private Buses were plying in the Nizam State. Although, Nationalization of Road Transport in Hyderabad had been initiated earlier (1936) than in Mysore State, its impact was very limited. After independence, the Mysore Government Road Transport Department was established on 12th September 1948 and after the reorganisation, 30 nationalised routes and 80 vehicles were handed over to the Mysore State Road Transport Department by the Nizam State. Later on, in 1-1-1961 Karnataka State Road Transport Corporation was statutorily established under the provisions of the Central Road Transport Corporation Act of 1951. The Gulbarga division started at Gulbarga in 1960, had control over Gulbarga, Raichur and Bidar districts of Hyderabad Karnataka. By 1965, there were in all 58 monopoly routes and five non-monopoly routes operating with Bus Depots and Workshops located at Gulbarga and Yadagiri. There were 63 scheduled routes providing 6,747 route mileage, with 96 vehicles and of them 55 were in operation. The sitting capacity of the Corporation Buses varied from 37 to 48. Besides the Corporation Buses, Private Agencies were also running buses in all the taluks of the district. As on March 1967, there were 8 depots with in the division serving 246 scheduled routes with 195 buses. In order to administer the Transport activities of the Corporation more efficiently, the State was divided into five regions in 1980 and Gulbarga was one such region having control over the Gulbarga, Raichur and Bellary divisions with Gulbarga has its headquarters. The region served 512 scheduled routes through 11 depots.

The passenger services in Gulbarga and Bidar pockets were nationalised on 8th November 1985 and added to the KSRTC network. By March 1995 Gulbarga Division, had altogether four depots with 420 buses covering 384 schedules, 580 routes and a total route km of 40,400 kms, an average route length of 69.6 kms. As on March 1997, Gulbarga division had 5 depots with 470 buses covering 425 schedules, 645 routes and a total route km of 48,789 kms on an average route length of 75.6 kms. Simultaneously the government separated the city operations in Bangalore city run through BTS (S) & BTS (N) divisions from the KSRTC, by forming the Bangalore Metropolitan Transport Corporation (BMTC) as an independent entity with effect from 15-8-1997. Similarly from 1-11-97, as a result of bifurcation, North West Karnataka Road Transport Corporation comprising the Hubli, Gadag, Uttara Kannada, Belgaum, Bijapur and Bagalkot Division came into existence. As a result the remaining divisions including the Gulbarga Division continued under KSRTC. As a result, by March 1998, Gulbarga Division had 6 depots with 462 buses covering 417 schedules, 528 routes, 36,060 route kms, on an average of 68.3 kms. During 2000-01, KSRTC was further bifurcated and the North East Karnataka Road Transport Corporation came into picture having Gulbarga, Yadgiri, Bidar, Raichur, Koppal and Bellary divisions under its Jurisdiction with Gulbarga as its headquarters, with effect from 1-10-2000. The Public transport in the district is managed by Gulbarga and Yadgiri divisions with their divisional head quarters at Gulbarga and Yadgiri respectively. As on 31st March 2002, Gulbarga Division through its 5 depots and 363 buses, maintained 363 schedules and 446 routes with an average route length of 77.7 km. Likewise, Yadgiri division with three depots and 205 buses managed 184 schedules and 260 routes with an average route length of 59.2 km. Besides this, the Corporation has provided city buses at Gulbarga and Yadgiri with 41 and three schedules through 156 and two routes by providing 1665 and 15 kms daily service respectively
