*In 1897, Mysore a Gazetteer compiled for Government, revised edition in two volumes with maps and illustrations.*

“A work of great magnitude and research very carefully prepared and edited”. -

*Annual address by the Dewan (Sri K. Sheshadri Iyer) to Representative Assembly 1898.*

“A second edition of Rice’s admirable Gazetteer. The first edition was published more than twenty years ago, and the immense progress made by the State in the interval fully justifies bringing the work upto date”. -

*Pioneer.*

“Complete without being diffused and accurate without being dry”. -

*Madras Mail.*

“Mr Rice has shown how interesting a work of this sort can be made”. - “It is highly instructive work and so readable that if once taken up, one is quite fascinated by its contents”

“In order to bring the work up-to date a great deal has been required of the author as he indicates in the preface. Both volumes are provided with excellent maps.

*Glaxo Herald.*

“Brought up to date not without considerable labour for indeed there is much to be added and changed. Mysore was given back to native rule in 1881 and it is worthwhile to note Mr. Rice’s opinion on the relations between the Imperial Government and the State”.
